

TRANSFER STUDENTS

All transfer students must meet the admission criteria of the Nursing Program. Students may transfer credit from an accredited institution for general education course requirements for which a minimum grade of "C" was achieved. All nursing coursework must be completed at the Ira D. Pruitt College of Nursing.

Transfer students who have failed to successfully complete a nursing program or programs elsewhere will be placed into one of the following categories in terms of admission status:

1. A student who has one failure in a nursing course at another institution with such failure occurring greater than five years prior to application to the College of Nursing will be required to apply as a new admission.
2. A student who has one failure in a nursing course at another institution with such failure occurring within five years of application to the College of Nursing will be considered for admission. The applicant must present a letter from the nursing program in which he/she was enrolled validating eligibility for readmission.
3. A student who has twice failed a nursing course prior to applying to the Ira D. Pruitt College of Nursing will be ineligible for admission.

The College of Nursing offers a Clinical Exemption Plan for Licensed Practical Nurses. For more information on the Clinical Exemption Plan, see the next page.

Students will be notified via written correspondence of admission into the nursing program.
