

The logo features the letters 'UWA' in a large, white, serif font, centered within a solid red square. A thin white horizontal line is positioned directly below the letters.

The UNIVERSITY of
WEST ALABAMA

GRAPHIC STANDARDS

BRAND GUIDELINES

GRAPHIC STANDARDS

In most instances, the publics that we serve form their first image of the University of West Alabama from viewing our official communications and publications, whether print or digital, or apparel bearing our trademarks. Guidelines in our Graphic Standards help to obtain the highest level of professionalism and also manage the value of our trademarks.

Every item, publication, communication, or other creation bearing the University's trademarks is an important "ambassador" of the University. To uphold a cohesive brand, all publications must share certain common graphic elements to establish a consistent identity. These guidelines will ensure that all publications maintain a unified appearance, while allowing design professionals a measure of creative freedom to create a unique piece.

All content produced, both print and digital, should adhere to the standards contained here. Because individual units throughout campus produce some of their own materials, it is important that consistent, attractive publications are produced and that only authorized graphics are used.

The Office of Communications and Marketing works with departments throughout campus to ensure that these guidelines are followed, but it is every member of the University community's responsibility to uphold these Graphic Standards and assist in maintaining the strength and value of our brand.

EDITORIAL RESPONSIBILITY

The responsibility for reviewing and correcting material contained in a proposed University publication lies with the office requesting the publication and the Dean, Vice President, or department head to whom that office reports.

If you have any questions about the design of your publication, you may contact UWA Printing Services for additional support.

Information containing University-related statistics, figures, and other variable details must be verified by the Office of Institutional Effectiveness, which is responsible for maintaining such data.

The reproduction and output of the University logos or mascots must be of an acceptable quality for reproduction for both print and digital applications. Low-quality reproduction of trademarks is not permitted.

The Presidential Seal is not available for general use and will only be provided for official use. In the event a specific application which is not included in this guide is needed, please contact the Office of Communications and Marketing.

UNIVERSITY NAME

The official name of the University is “The University of West Alabama,” and it should always appear in this form when standing alone (with the article “The” with an uppercase “t”).

When the name is used within a sentence as either a noun or an adjective, the “t” in “the” is lowercase, as in the following:

- Students from the University of West Alabama will participate in the event.
- She is a member of the University of West Alabama Marching Band.

The word “university” should contain an uppercase “u” when referring specifically to the University of West Alabama, as in the following:

- The workshop will be held at the University in May.
- The conference is a University-sponsored event.

“UWA” is the only acceptable short form of the University’s name.

The University name may be split among no more than two lines (only if necessary) and must not separate the words “West Alabama” in any instance.

Correct

The University of
West Alabama

Incorrect

The University of West
Alabama

PRESIDENTIAL SEAL

The Presidential Seal is the official symbol of identification of The University of West Alabama, not to be confused with the University's primary logo.

Use of the Presidential Seal is limited to official University documents including diplomas, transcripts, commencement programs, and presidential communications or correspondence.

The Presidential Seal may be adopted for use on official class rings (produced by a licensed vendor) and may appear on medallions related to commencement.

Use of the Presidential Seal beyond the instances stated above must be approved by the Office of Communications and Marketing.

The use of low resolution or altered versions of the seal is not permitted.

EMAIL SIGNATURE

In order to ensure consistency of the University brand and maintain Graphic Standards in emails sent to both internal and external publics, email signature lines should be limited to the fields provided in the University's signature generator, available at secure.uwa.edu/signature.

No credos, mottos, quotations or other individual statements should be used in the email signature.

No borders, backgrounds or logos should be used. Web-friendly, standard fonts should be used. No decorative or script fonts are to be used, nor should multiple non-standard colors be used.

OUR BRAND

As the University of West Alabama faces increasing competition for students, funding, and donations, the strength of our marketing communications is increasingly critical. The cornerstone of those efforts is a strong and unified graphic identity.

The University of West Alabama logo carries dual responsibilities: It must stand as the sum of the institution's many parts - the authentic, recognizable essence of this university - while simultaneously symbolizing our potential. For the many people who already know and love UWA, the mark must ring true. For audiences now in cultivation and to be approached in the future, the mark must dispel myths, spark interest, and remain in each viewer's awareness, uniquely and accurately. It must be both fresh and traditional.

These principles have shaped the creation of this visual identity guide. By complying with its specifications, you help project a clear, unifying image for the University as a whole. The visual identity program also highlights each college or division of the University, without sacrificing the unit's individuality. The guidelines in this manual enable us to implement the visual identity in a range of vehicles, thus enhancing all of our University communications. It is critical that each person and department associated with UWA support this program by applying these guidelines consistently.

For use when a square logo is preferred but the size is prohibitive to using the primary square logo. Preferably used when the full school name will be included elsewhere.

**DEPARTMENTAL IDENTIFIER MARK**

The UWA identity includes a primary and secondary option for Colleges, Divisions, and Departments to further identify themselves within the structure of the brand.

**DEPARTMENTAL IDENTIFIER
SQUARE MARK**

The UWA identity includes a primary and secondary option for Colleges, Divisions, and Departments to further identify themselves within the structure of the brand.

When enlarging a logo there is no limit to how big you can make it. Keep in mind an effective use of the logo is one where it can be quickly identified; however, that does not mean that it needs to be large. Location and clear margins are often preferable to logo size.

When reducing the logo, the minimum allowable widths are indicated to the left.

PRIMARY SQUARE MARK

PRIMARY HORIZONTAL MARK

PRIMARY WORD MARK

The logo should primarily be presented horizontally with all supporting elements placed along the axis that runs vertically or horizontally through the mark. Spacing of logo elements should be “open” and comfortable with the relative spaces kept similar throughout the elements. This open spacing should also be maintained when the logo is applied to a design, keeping the area around the logo free from graphics or images.

INCORRECT COLORING

STRETCHING, REPOSITIONING

DROP SHADOW, CHANGE SHAPE

Please do not vary from the logo design that has been provided. Spacing, color, placement, font, etc are important and should remain consistent as the logo is translated to different projects. Please do not stretch the logo, stack the logo, vary the fonts or colors provided, or apply unnecessary effects. Also any treatment that impedes the recognition or legibility of the logo should be avoided.

Weiss Family

Weiss is the serif font that comprises the UWA identity. It is used primarily in the logo itself, but can be used in subhead and accent treatments as well as in the body of official UWA letters and documents. Remember to set any body copy with comfortable spacing between lines (leading) and paragraphs.

TRADE GOTHIC FAMILY

Trade Gothic is the sans-serif font that comprises the UWA identity. It is used primarily in header, subhead, caption, accents, lists, and more informal body copy applications. Remember to set any body copy with comfortable spacing between lines (leading) and paragraphs.

PROPER PLACEMENT

**OVER IMAGES**

The logo can be used over a broad range of medias. The logo should always be placed over an area where visibility is high. In use over dark photos, the logo should be reversed out in white. Over light backgrounds or photos, the logo should be used in its original color scheme.

IMPROPER PLACEMENT

THE ATHLETIC LOGO

The UWA athletic logos provide a complete branding suite of marks for use in all athletic communication. The tiger mark is clean and modern and represents a look of determination and anticipation. The head is WEST-facing, a nod to our geographic location within Alabama.

The "UWA" letters sit at an angle to symbolize the swift agility of a tiger. Claw marks indicate the Tiger's presence and provide a connection even when used without the tiger head. The overall shape of the logo is reflective of stability and strength.

Use of the UWA athletic logos is generally reserved for athletic programs unless otherwise approved by the Marketing and Communications Committee. Athletic logos should not be used interchangeably with academics or when the institutional brand is more appropriate.

PRIMARY ATHLETIC LOGO

The primary logo for UWA athletics. This logo should be the first choice in all applications that call for primary UWA athletic branding.

UWA'S COLLEGIATE LICENSING PROGRAM

The University of West Alabama's trademarks are licensed through CLC. Through the collegiate licensing program, the University maintains ownership of its various marks and identifiers in a way that helps ensure the integrity of its brand. The program also insures that a portion of any profits derived from the use of UWA logos and marks benefits the institution.

A trademark is a word, name, phrase, symbol or any combination thereof that identifies and distinguishes goods or services of one party from those of others.

A trademark is a brand name. Rights in trademarks arise as a result of the use of the marks in commerce to identify the source or origin of goods and services. In addition, a trademark remains the property of the owner as long as the owner continues to use it properly and protects its authenticity as a trademark.

Any mark, name, logo, symbol, nickname, abbreviation, word, mascot, slogan, uniform insignia or landmark that is associated with the University of West Alabama and is distinguishable from any other university, team or organization may qualify as a trademark.

Any individual or company that desires to use UWA trademarks/logo on products or services sold in the marketplace, whether wholesale, retail, or online must be licensed. Goods produced for internal consumption (promotional, departmental use, giveaway, etc.) require a license and must follow the same approval process.

UWA will not license activity which it believes would disparage the University or any of its trademarks, or would be libelous, slanderous, scandalous, offensive, and vulgar or constitute an unfair trade practice, or otherwise reflect negatively on the University.

Vendors can obtain an application for a License Agreement directly from CLC. This application can be downloaded from at: <http://clc.com/home/get-licensed>.

LICENSING FAQ

Does all artwork have to be submitted for approval? // Yes. All art designs must be submitted **by the vendor** to CLC for approval by the UWA Licensing Program prior to products being produced. The vendor is responsible for submitting the design to CLC. Essentially, there is no extra effort required by University personnel other than checking to see if the vendor holds a UWA license or informing a vendor that the UWA is licensed by CLC.

If I am a student or employee at UWA, do I need to ask permission to use a trademark? // Yes. All uses of the school's trademarks on merchandise require approval through the licensing program. It is important for UWA to protect its trademarks, because managing their use helps maintain their value.

If the product is not going to be resold, does it have to be produced by a licensed vendor? // Yes. All items bearing the UWA name or marks must be produced by a licensed vendor whether they are for resale or promotional use. Goods produced for internal consumption (promotional, give-away, etc.) require a license and are expected to follow the same approval procedures (vendor submits to CLC).

Are any requests exempt from royalties? // Generally, all items are subject to royalties. Any pertinent appeals must be submitted to the Office of Communications and Marketing. Items may be deemed royalty-free if intended only for internal consumption.

What does UWA do if unlicensed merchandise is discovered in the marketplace or on campus? // Merchandise produced without authorization may be considered counterfeit or infringing and subject to all available legal remedies and may be confiscated by CLC.

How can I obtain a list of licensees? // The list of licensees is dynamic. A current list of vendors that have been licensed and previously utilized is available through the Office of Communications and Marketing. Any vendor that competes successfully to produce a UWA branded item must become licensed prior to producing the product.

PRODUCTS PURCHASED FOR EITHER INTERNAL OR EXTERNAL DISTRIBUTION WITH THE UNIVERSITY NAME OR ANY UWA LOGO OR MARK MUST FOLLOW THE LICENSING PROCESS:

STEP 1 // All vendors MUST be licensed with CLC. In order to obtain a license, vendors may complete the licensing application at <http://clc.com/home/get-licensed>.

The requirement to utilize a licensed vendor does not preclude the necessity for adherence to the requirements set forth by the Purchasing Office.

STEP 2 // For internal orders, which are those ordered by a University department or registered student organization, pre-approval for an idea or design must be obtained through the respective department chair or director. Members of the Communications and Marketing staff are available to consult with those who need additional assistance. Designs must adhere to graphic standards and licensing guidelines.

STEP 3 // Once you have received internal approval from the appropriate person(s), your design may be submitted to vendors for production through the proper purchasing mechanism.

STEP 4 // The vendor will submit artwork/design to CLC for final approval by the UWA Licensing Program. If the artwork/design does not adhere to graphic standards and licensing guidelines, the submission will be disapproved.

ADDITIONAL INFORMATION

Printed Items // Most paper items are exempt from the licensing process. However, UWA Printing Services can ensure proper usage of logos, marks, and images on any printed item that will be produced for viewing by external audiences in accordance with the University's Graphic Standards.

For more information on the University of West Alabama's trademark licensing program, contact the Office of Communications and Marketing.
